Warrants to Be Issued at Once Payable in September.

Information received from the Audit office is that warrants for appropriations in the Unpaid Bills Act will be issued immediately after the bill becomes law. They will be made payable in September, as there is not cash in sight before that time to stand a drain of \$207,000, extra to ordinary expendi-

Current bills for May are being made payable on July 20. June bills will be paid on August 20. The July taxes ought to carry all appropriations out of current revenues comfortably until the end of the year. According to present appearances, the subsidies to counties will not be called for before some months following the date for which they are appropriated. Any appeal from Judge Gear's decision yet to be rendered on the act will probably not be heard by the Supreme Court until October, and allowing at least thirty days for an opinion to be handed down the chances are slim for having a final review by the Federal Supreme Court until far along in next year.
